

BLENDED BY THE COAST IN  
THE WEST COUNTRY

### ETP CEO Endorsed Statement

17/10/2023

At D J Miles & Co Ltd, we have been buying, blending, and packing tea since 1961, following a family tradition going back to the 1800s. At first, we fully supported the UK tea auction until its demise in 1996. Since then, we have built up strong, long-lasting, relationships with our suppliers to ensure that we can reliably source the best teas available and ensure the quality of our products, year after year.

We were one of eleven founder members of the Tea Sourcing Partnership, helping to shape in the early days what has now become the Ethical Tea Partnership. We remain a member today, helping us to stand shoulder to shoulder with the larger tea companies.

Beyond our tea sourcing, to consolidate our business credentials we work to the food standard SALSA, allowing us to trade with confidence.

John Halls – Owner D J Miles & Co Ltd
